

EXTRA MIND FRESH

Cover of knitted Lyocell fibre fabric with outstanding hypoallergenic properties. Top padding of Visco Mind® Clima-Fresh® with the special ULTRAFRESH® treatment, which relies on the natural qualities of silver to resist bacterial proliferation. The mattress border is of Air Space fabric for perfect ventilation. The internal layer consists in turn of three layers with a special contour on the upper and lower sides, creating a continuous flow of air to reduce humidity. The upper layer is made of Visco Mind®, which adapts to body contours by slow distension without exercising any reactive pressure. The centre and lower supporting layers are made of Waterfoam with diverse degrees of firmness. The cover is fully removable and washable.
